Gateways

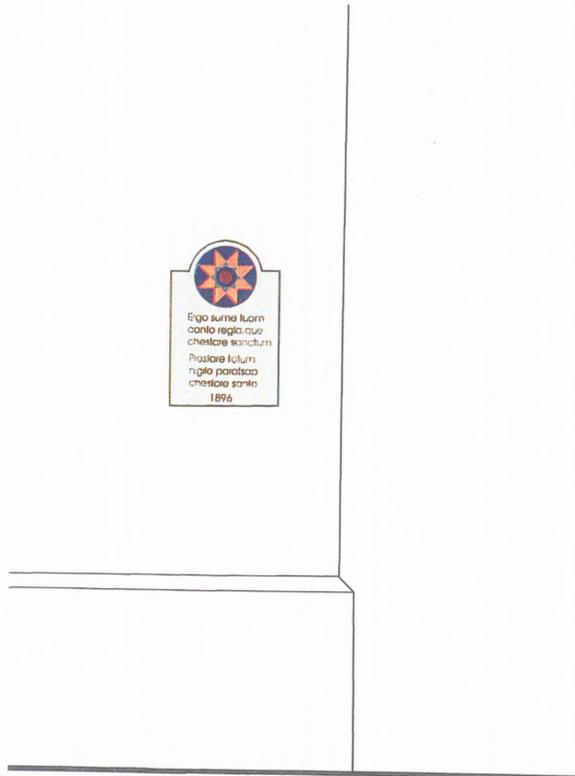

## Small Secondary Directional & Identity

Ground-mounted signs or monument type signage which announce arrival to a district or destination. These signs are vehicular and pedestrian - small scale and located at secondary entrances to districts and main destination entrances. (I.e. Exhibition Coal Mine or Uptown District.)

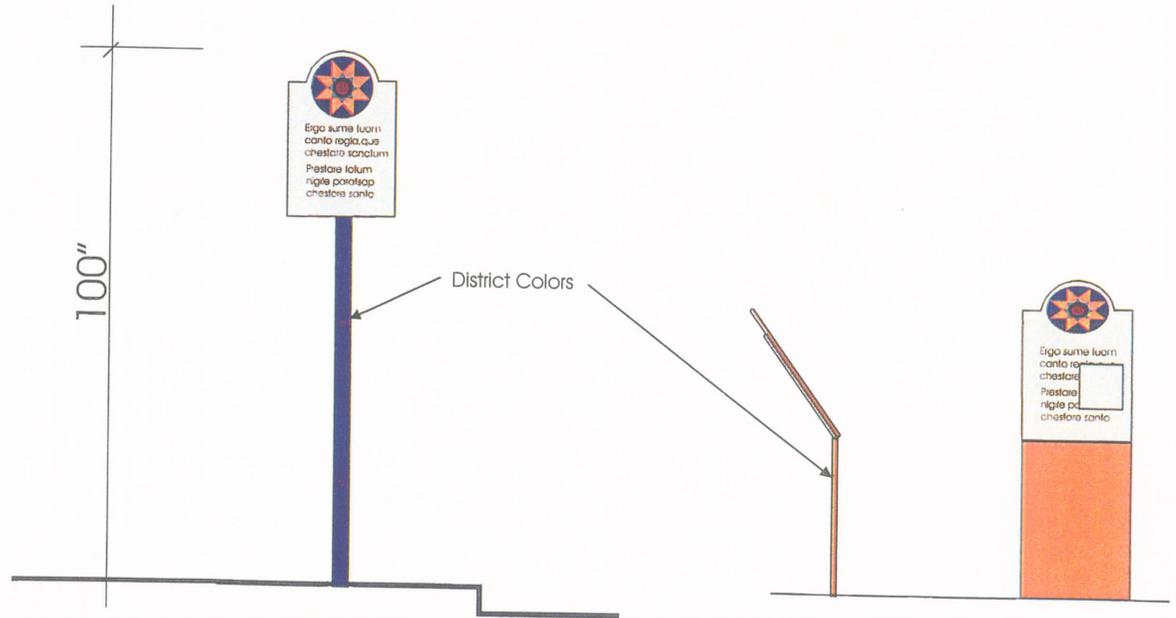

# Historic Markers

Pedestrian-scale signs that mark an historic site. The sign includes graphics and no more than 20 lines of interpretive text. The signs should "tell the story" of a significant place or event. Signs may be numbered and keyed to a walking tour map.
